 ALL44139**

Snap-In Rubber Valve Stems

Economical rubber valve stems pull through wheel for easy installation. Large stem for 5/8" hole is the most popular size valve stem used in racing wheels. Smaller stem for .453" hole is commonly found in stock steel and utility vehicle wheels.

Part No.	Description	Qty
ALL44136	Stem For 5/8" (.625") Hole	4-Pack
ALL44136-50	Stem For 5/8" (.625") Hole	50-Pack
