TCI® 748400

Powerglide Shift Lever

Step 1 Drain oil and remove pan.

Step 2 It is not necessary to remove valve body.

Step 3 Loosen the retaining clamps on the TV lever and the manual lever.

Step 4 Remove both levers and discard the TV lever and clamp. Now is a good time to install a fresh seal.

Step 5 Install the TCI® 748400 lever. Figure 1 demonstrates the proper orientation.

Step 6 Tighten the manual lever clamp to retain the lever.

Step 7 Figure 1 illustrates the proper cable location for your shifter.
