

Part No. ALL38118-38119
ALL38128-38130
ALL38145

Aluminum Sprint Motor Plates

Front motor plates for SB Chevy are offered in one and two piece designs. One piece versions mount using the lower front mounting holes. Two piece sets use the lower front mount holes and the water pump mounting holes. All plates have 19-1/2" center-to-center chassis mounting holes. ALL38128/38129 and ALL38145 plates come with bushings to allow for engine flex and help with weight transfer.

Part No.	Description	Finish	Thickness
