GP RACE BOOT CUT SUIT

TECHNICAL AUTO RACING APPAREL

SIZE: 44 - 60 (Black 44 - 64) EUR

SUGGESTED RETAIL PRICE: \$799.95

Certified to FIA and SFI homologation standards, the GP Race Suit features a fully floating arm construction and elasticated stretch panel on the back for excellent, anatomical performance fit. Light, close-fitting and featuring an Aramidic three-layer construction this suit is supremely comfortable.

- Certified to FIA 8856-2000 and SFI 3.2A Level 5 homologation standard

- Advanced three-layer Aramidic construction for weight saving, durability and improved heat-resistance performance.
- 100% Aramidic outer layer with twin Aramidic internal layer for maximum heat transfer protection.
- Aramidic reinforced, elasticated lower back panel for unrestricted movement.
- Anatomical arm, leg and torso paneling patterned for optimum driving position fit.
- Internal flat seams reduce pressure points in the suit for a more comfortable driving experience.
- Close-fitting design and adjustable collar and belted waist for precise fit.
- Floating arm construction for unrestricted performance.
- Alpinestars shoulder epaulette construction to facilitate effective extraction of driver in event of a crash.
- Ribbed, stretchable wrist cuff and boot leg cuff for excellent comfort and fit.
- Anatomical thigh pockets for convenient, unobtrusive storage.
